

Worksheet:

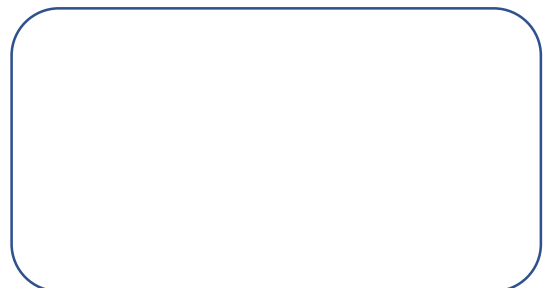

Use the space next to each question to write out the parts like we did with the practice questions.

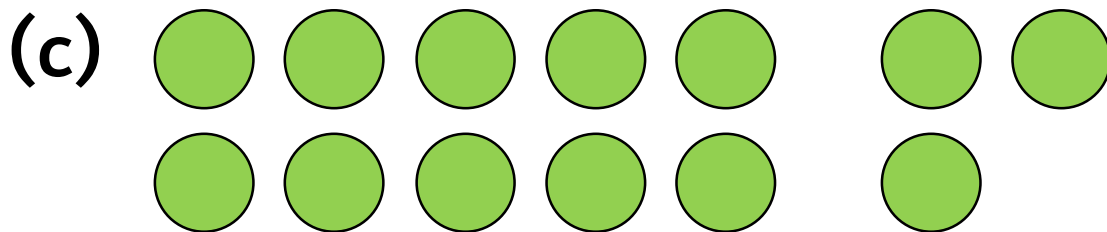

$$16 - 7 = \square$$

$$11 - 4 = \square$$

Use the space next to each question to write out the parts like we did with the practice questions.

$$13 - 6 =$$

For the last question, you'll need to **draw the counters yourself** and follow the same steps as before.

(d)

$$14 - 8 =$$
