

We have been looking at fact files about the Queen, now, I think it's time we had a go at writing a fact file about someone we know really well.

Go and find an adult. Ask them if you can do a fact file about them.

If they are busy, you could do a fact file about yourself!

But how are you going to do it?

If you remember the Queen's fact file, you will know it needs to be organized into sections, with a heading for each section.

Find out their full name – including any 'middle' names.

Find out when they were born.

This might be Mr, Mrs, Dr.

Find out their address.

Find out about their family. This might include sons and daughters, brothers and sisters.

What is their name? This is the main heading or title.
