

Day 1

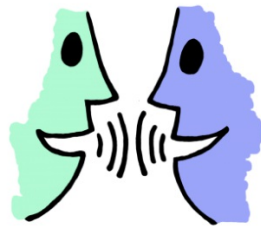

Learning target

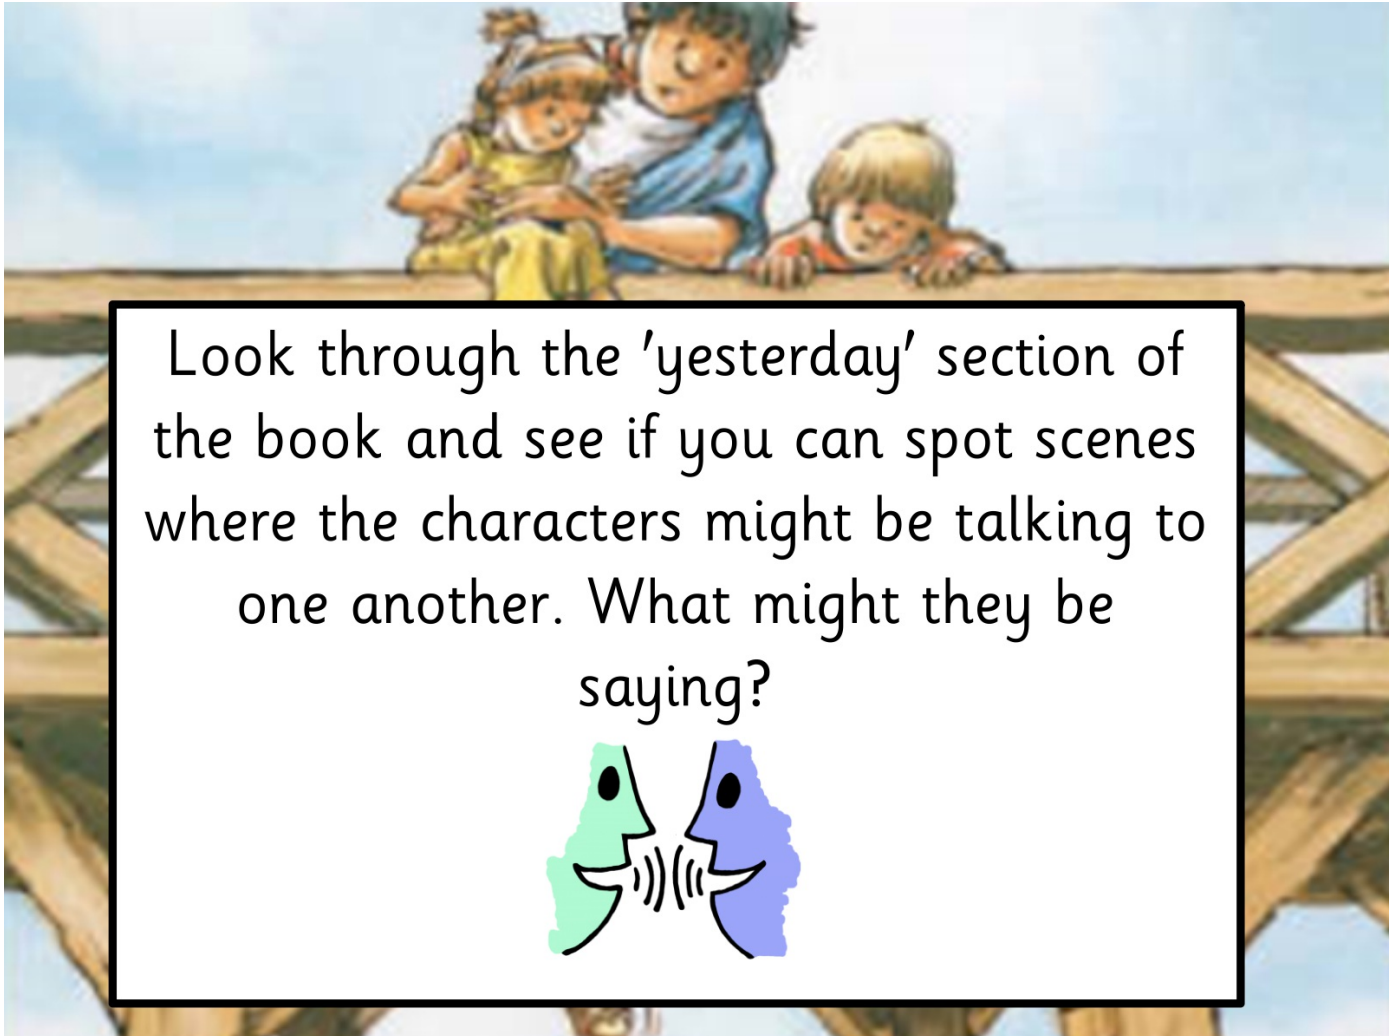

Use dialogue to help understand the relationship between characters.

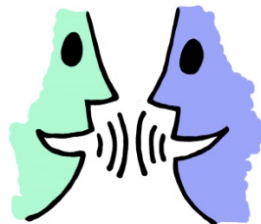

We are looking for clues to help us figure out what the relationship between the characters is like.

What should we look at for clues?

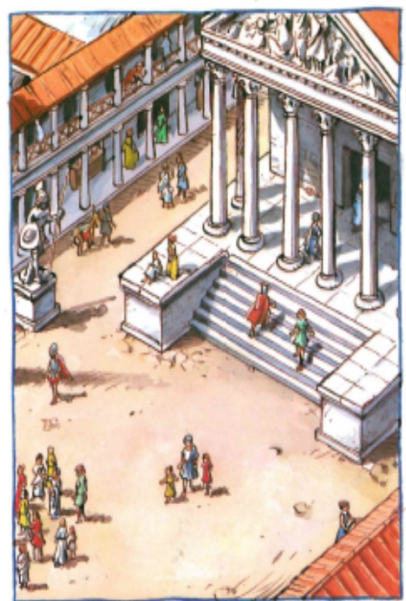

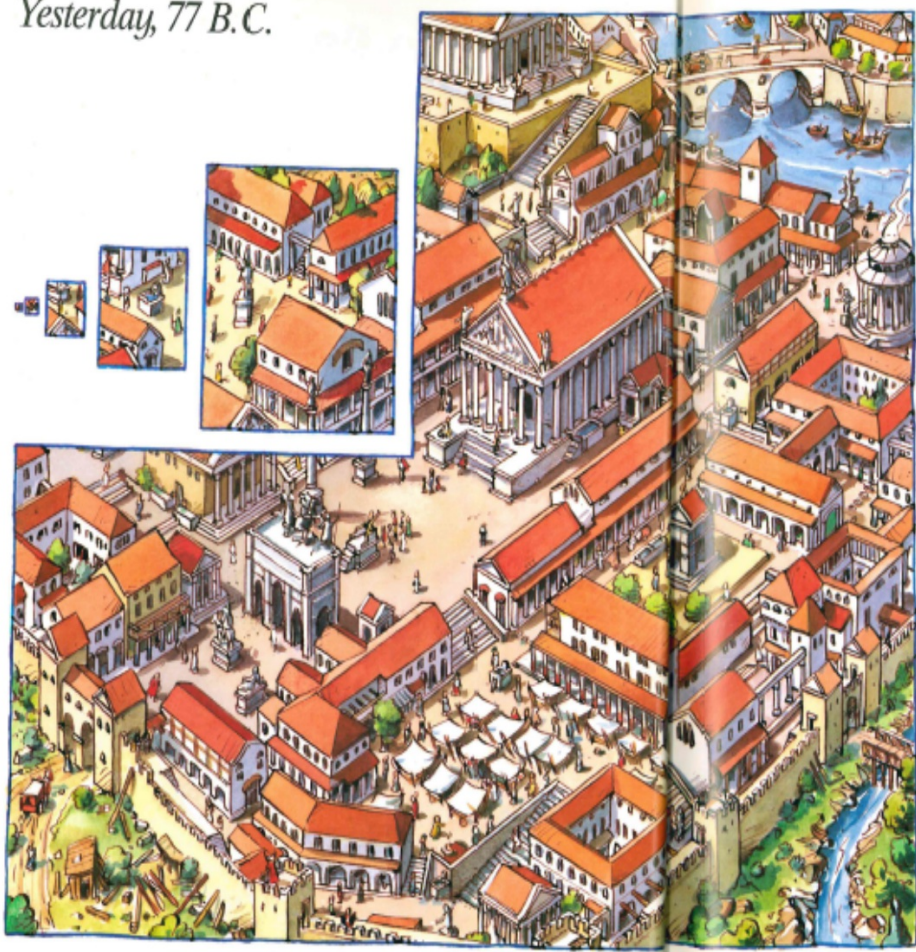

Look through the 'yesterday' section of the book and see if you can spot scenes where the characters might be talking to one another. What might they be saying?

Yesterday, 77 B.C.

Pick one picture to focus on and write out a small script in which each character would say something relevant to what is happening.

This would be mine:

Little girl: My sandal!

Dad: Oh dear, well it's gone now.

Boy: I wonder if anyone will ever find it.
