

Day 3

### **Learning target**

Use dialogue to help understand the relationship between characters.

Look at the dialogue that you wrote yesterday for each character.

Underneath, comment on the relationship between the characters.

E.g. Dad says this because...

I think the little boy would sound annoyed because...

**This would be mine:**

Dad: **Oh no! Your sandal! What are we going to do now?**

Dad says this because he is shocked that the sandal has fallen into the river. He is thinking about how the little girl is going to walk home with only one sandal on.

Little boy: **Oh Dad, we are never going to get that back now are we! I wonder where it is going to end up.**

I think the little boy would sound annoyed because his sister has just ruined their day out by losing her sandal.

**Remember to explain why the characters are saying this. Think about how they are feeling and what they might be thinking.**
