

## Research sheet for a sea creature shape poem.

**Facts about your creature.**

**Adjectives, adverbials.**

**Alliteration and simile ideas.**

What facts did you find out and enjoy? What made you go wow or yuck? Where are they from, what do they do, what do they eat?

What does the creature look like, how does it move, what stands out, what colour is it, what is it's personality like?

Think about how it moves, hunts, where it lives. What does it remind you of?
