

Solving Word Problems

- 1 Holly has 16 chocolates.
She eats 4 chocolates.
How many chocolates does Holly have left?

$$16 - 4 = 12$$

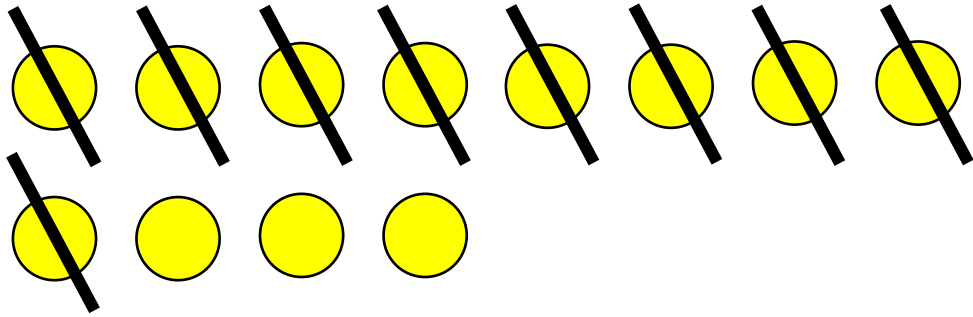

- 2 Elliott has 8 toy robots.
He buys 3 more toy robots.
How many toy robots does Elliott have now?

$$8 + 3 = 11$$

- 3 Sam makes 12 sandwiches.
He gives away 9 sandwiches.
How many sandwiches does Sam have left?

$$12 - 9 = 3$$

- 4 Lulu has 14 stamps.
She collects 5 more stamps.
How many stamps does Lulu have now?

$$14 + 5 = 19$$
