

We are going to finish
reading to the Iron Man to
an important part.

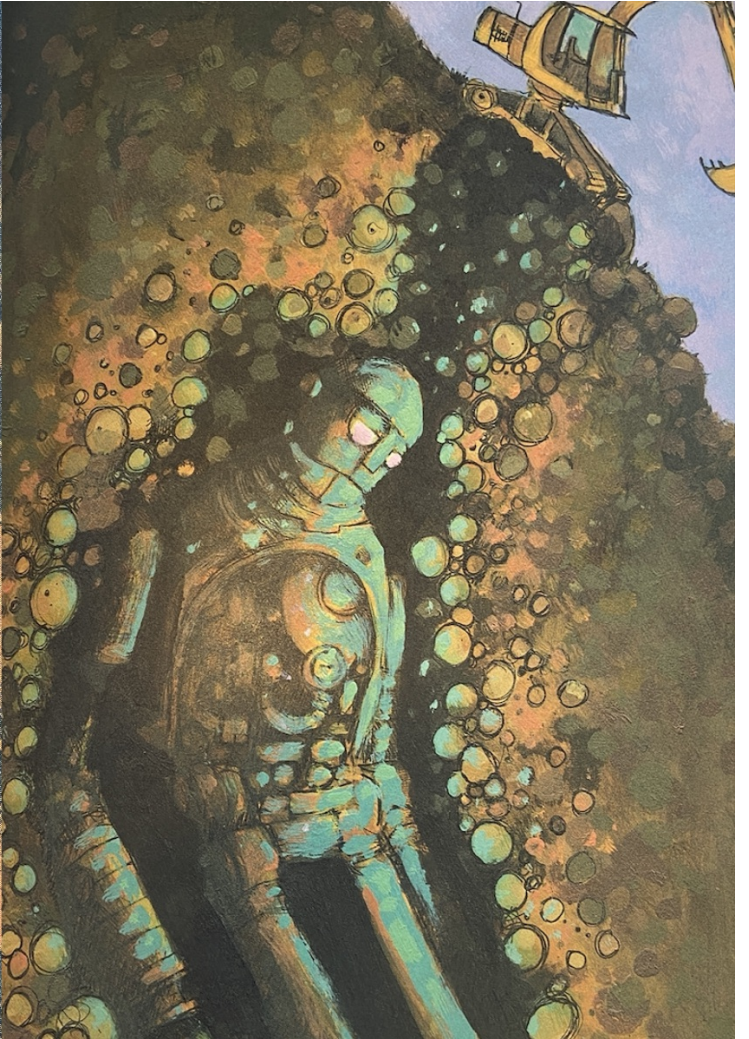

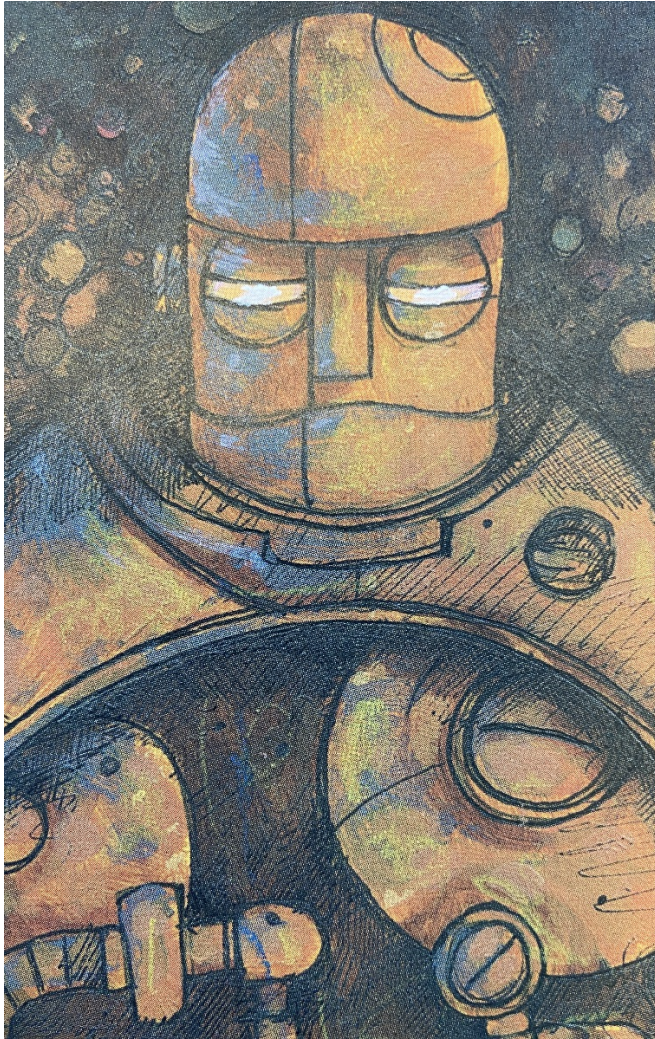

CRRRAAAASSSSSH!

Down the cliff
the Iron Man came
toppling, head
over heels.

CRASH!

CRASH!

CRASH!

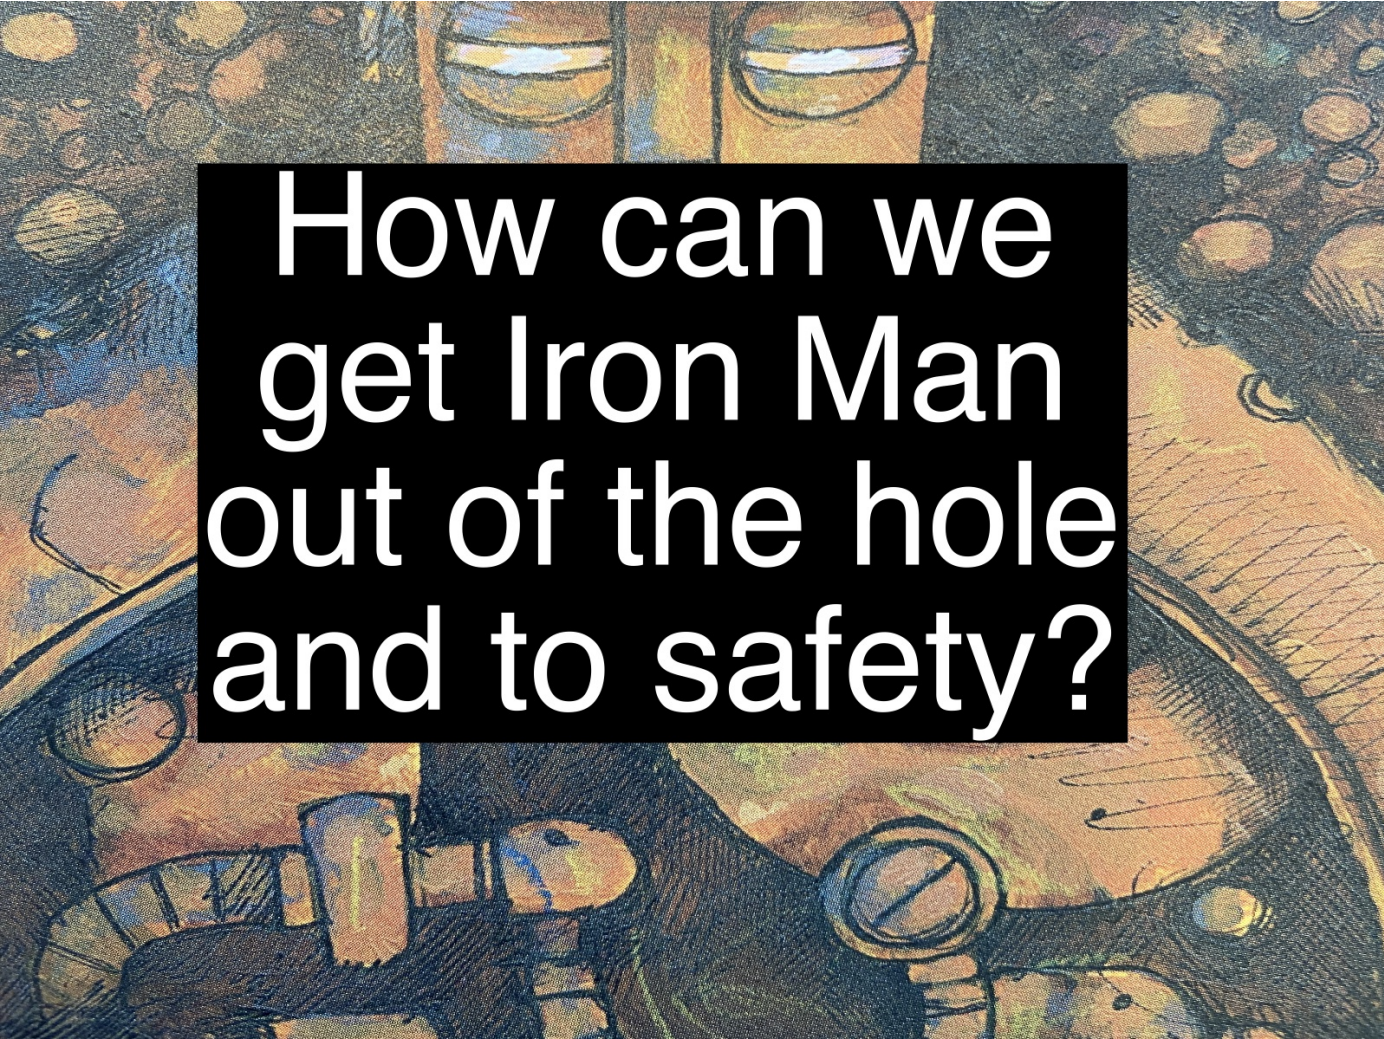

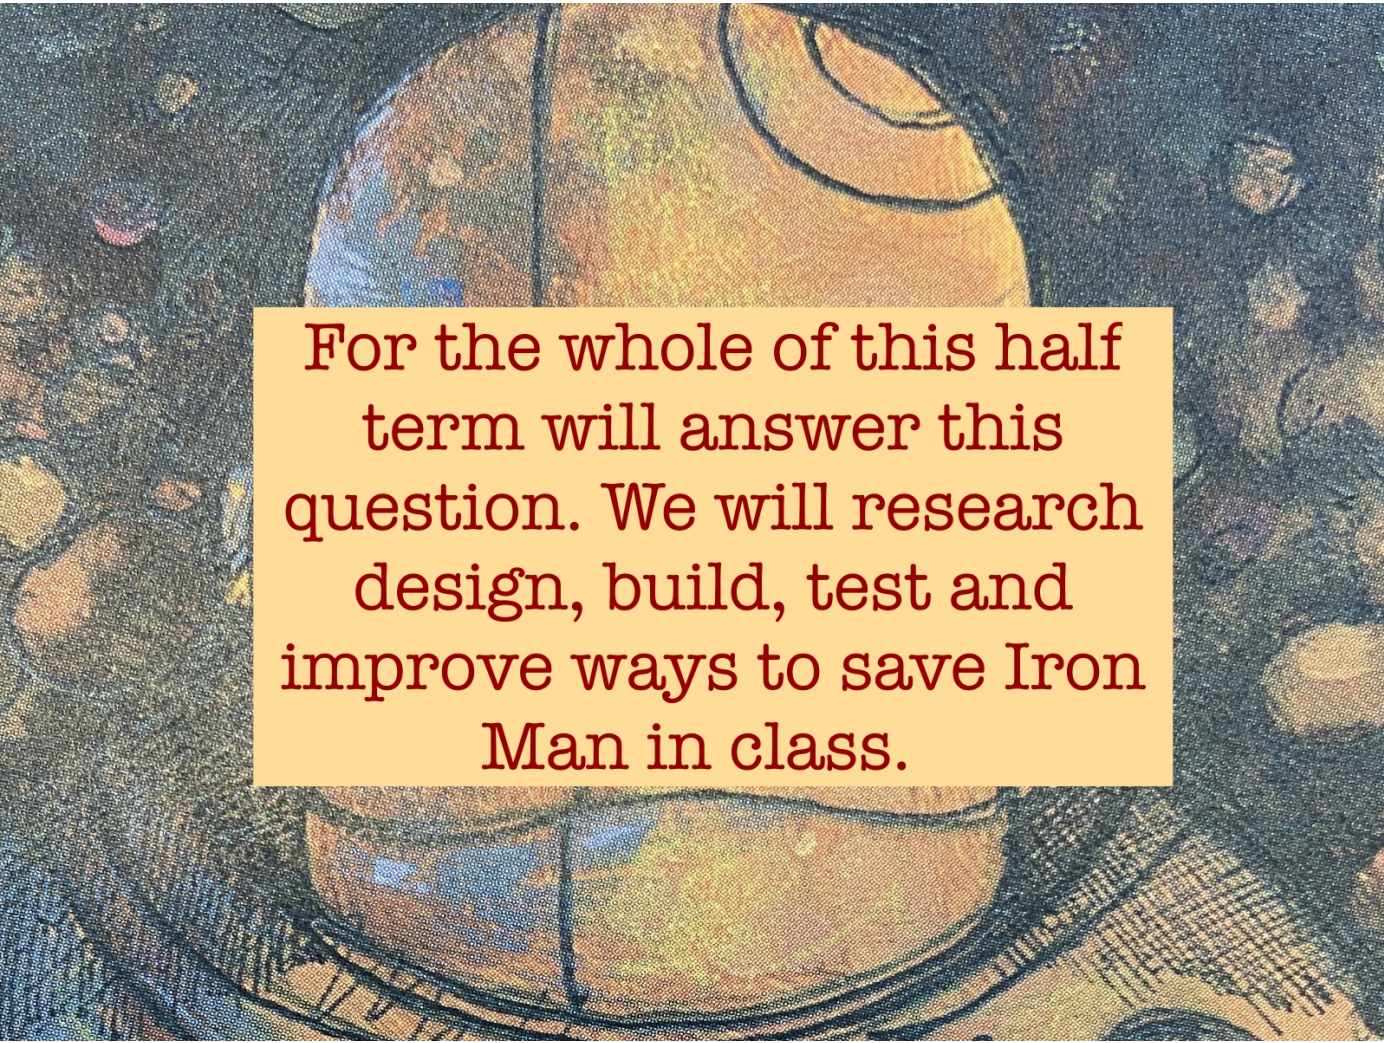

Howarth feels sorry for Iron Man and wants to free him.

We are going to help him.

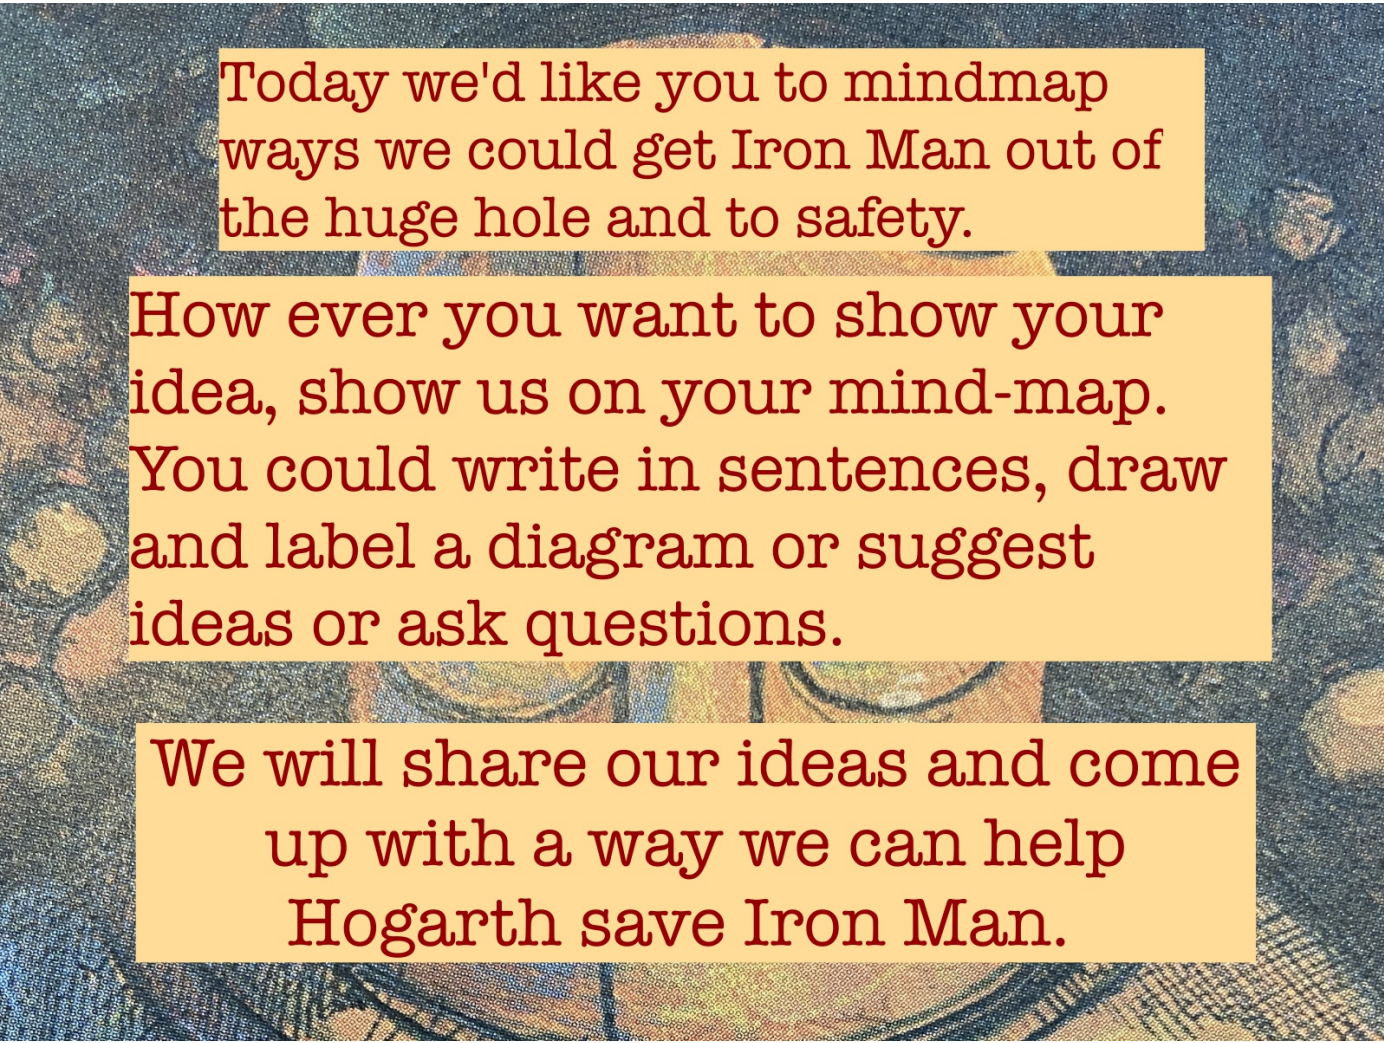

We need to answer this question...

How can we
get Iron Man
out of the hole
and to safety?

For the whole of this half term we will answer this question. We will research design, build, test and improve ways to save Iron Man in class.

Today we'd like you to mindmap ways we could get Iron Man out of the huge hole and to safety.

How ever you want to show your idea, show us on your mind-map. You could write in sentences, draw and label a diagram or suggest ideas or ask questions.

We will share our ideas and come up with a way we can help Hogarth save Iron Man.
